FROM: Jeffrey M. Pritchard, Planning Analyst

SUBJECT: Sanitary Sewer Service Area Boundary Expansion

I have received a proposed amendment to the 2025 Wausau Urban Area Sewer Service Area boundary from the City of Wausau. The City of Wausau is favorably requesting a sanitary sewer service boundary expansion of 180 acres to be added in order to accommodate the City of Wausau Business Campus expansion.

I have reviewed the proposed boundary amendment request and have found it complete. Therefore, I am recommending approval and am referring the amendment to the Water Quality Management Technical Advisory Committee for favorable consideration.
