

MARATHON COUNTY UNIFORM ADDRESS GRID

Map Date: 04/10/2019

- State & US Highways
- Municipal Boundary
- Areas Using the Uniform Address Grid
- Town of Rib Mountain - Pending review by the Wisconsin Supreme Court
- Incorporated Areas

Document Path: O:\Common\gis\data\address_stuff\Uniform_Address_Maps\Grid\T_xt\WebMap_.mxd

The Marathon County Address Grid starts at the southwest corner of the county. A predominately west/east road will start at the west baseline of 100,000. A predominately south/north road will start from the south baseline of 200,000. Even numbers will be on the north and west sides of a road; odd numbers will be on the south and east sides of the road. As a result of these grid lines, which are due west-east /south- north, numbers may increase differently at the municipal boundary lines across the county.
