

## **Jean R. Maszk, District #24**

**Years served:** Since January 2007

### **Committee Assignments:**

Extension and Education Committee, Vice-Chair  
Health & Human Services Committee  
Public Safety Committee  
Transportation Coordinating Committee

### **The challenges and opportunities of the County which I am most interested are:**

Working through both Health & Human Services and Public Safety Committees to reduce jail bed days and further enhance our rehab programs to help chronic alcohol and drug offenders break their cycle of recidivism.

### **The best thing about Marathon County is:**

After having traveled to 45 of our 50 states for work, I was asked if I could live anywhere, what was my choice? That question made me realize that living in Marathon County is where I want to be. We have beautiful rural areas, parks and trails. All of our schools are very good from preschool through local colleges. We have a good quality of life and I see our county improving on all of this.

Since being on the Extension Committee I have volunteered at the Wisconsin Valley Fair for the last three years, helping in 4-H. It has been a great experience seeing what our kids are capable of in art, photography, animals, baking and other activities.

### **Something about me that most people might not know or expect is:**

My husband and I own our own semi tractor and flatbed trailer. I drove semi with him over the road for many years. We raised two Miniature Schnauzers from puppies in our first truck and now have Giant Schnauzers. I love living in Mosinee and being on the City of Mosinee Planning Commission.

### **Family:**

Married to Allen, 2 sons, 1 daughter
