

Bill Miller, District #36

Years served: Since 2008

Committee Assignments:

Aging and Disabilities Resource Center Board (Secretary/Treasurer)
Finance, Property and Facilities Committee
Labor and Management Committee on Employee Benefits
Capital Improvement Program Committee

The challenges and opportunities of the County which I am most interested are:

We must adapt – and soon – to getting along with less. This most likely means looking at all County services and prioritizing. And then selecting the most important that we can afford to maintain. As a member of the Finance Committee I remain committed to using my influence and votes to maintaining both economically viable and necessary services.

The best thing about Marathon County is:

Exceptional quality of life. This is a reflection of its peoples' commitment to family and hard work.

One thing about Marathon County I would change is:

The County's taste for committing taxpayer dollars on services which are neither basic or necessary to its people. As a County we lack both the dollars and talent to continue spending taxpayer resources on such traditional private sector ventures as wireless internet and economic development. However, as representatives of the people we should continue to encourage individuals and businesses to seek out economic advances in the region.

Something about me that most people might not know or expect is:

Pet lover. We have two dogs: "Gracie" (4 year old Portuguese Water Dog) and "Ziggy" (Chihuahua/Dachshund mix rescue pup). Also Also a 17 year old Rag Doll house cat "Boomer". Quite often you can find me walking trails in the State Park with our dogs.

Family:

Lovely wife Cindy; Son (Wausau), Daughters (Chicago and Boston)
Four grandkids (one in college); and our pets (see above).
We live in the woods next to Rib Mountain State Park.

Am I one very lucky guy – or what!!

A good time and method to contact me is:

Any time, and I promise to get back to you:
