- Provide for early, frequent and continuous engagement by the public.
- Select accessible and varied meeting locations and times
- Employ different meeting sizes and formats
- Provide childcare and food during meetings, if possible.
- Use social media in addition to other resources as a way to gain public involvement

Public Outreach Activities

The Wausau MPO maintains a log/record of the various types of outreach activities it uses to promote inclusive public participation. On an annual basis, the Wausau MPO reviews its log of outreach activities to determine if additional or different strategies are needed to promote inclusive public participation.

The direct public outreach and involvement activities conducted by the Wausau MPO are summarized in the table below. Efforts include meetings, surveys, focus groups, attendance at community events, etc.

Information collected on the size, location, meeting format, number of attendees, etc. as well as the scope of the distribution method (i.e. posters were placed in all shopping centers in the affected area) will be used for future planning efforts. Examples of additional supporting materials include copies of meeting announcements, agendas, posters, attendee list, etc.

**Language Assistance Plan**

**Plan Components**

As a recipient of federal US DOT funding, the **Wausau MPO** is required to take reasonable steps to ensure meaningful access to our programs and activities by limited-English proficient (LEP) persons.

Limited English Proficient (LEP) refers to persons for whom English is not their primary language and who have a limited ability to read, write, speak or understand English. This includes those who have reported to the U.S. Census that they speak English less than very well, not well, or not at all.

The **Wausau MPO**'s Language Assistance Plan includes the following elements:

1. The results of the *Four Factor Analysis*, including a description of the LEP population(s), served.
2. A description of how language assistance services are provided by language
3. A description of how LEP persons are informed of the availability of language assistance service
4. A description of how the language assistance plan is monitored and updated
5. A description of how employees are trained to provide language assistance to LEP persons
6. Additional information deemed necessary

**Methodology**

To determine if an individual is entitled to language assistance and what specific services are appropriate, the **Wausau MPO** has conducted a *Four Factor Analysis* of the following areas: 1) Demography, 2) Frequency, 3) Importance and 4) Resources and Costs.

**LEP Four Factor Analysis**

**Factor 1: Demography**: Identifies the number or proportion of LEP persons served and the languages spoken in the service area.

The first factor of the *Four Factor Analysis* is the basis of the Language Assistance Plan. It requires the **Wausau MPO** to review its US Census data to determine if it meets the **LEP Safe Harbor Threshold**.

**US Census and American Community Survey (ACS) Data**

The **Wausau MPO** did the following:

1. Inserted a copy of the **Wausau MPO**'s county LEP/Demographic data in the Title VI/ADA plan as Appendix 1. This data was found at the WisDOT website [https://wisconsindot.gov/Pages/doing-business/local-gov/astnce-pgms/transit/compliance/title6.aspx](https://wisconsindot.gov/Pages/doing-business/local-gov/astnce-pgms/transit/compliance/title6.aspx) or the US Census Bureau American Fact Finder website [http://factfinder.census.gov/faces/nav/jsf/pages/index.xhtml](http://factfinder.census.gov/faces/nav/jsf/pages/index.xhtml)

2. Analyzed the LEP demographic data for the **Wausau MPO**'s program and/or service area by calculating the **Safe Harbor Threshold** for two to three of the largest language groups identified other than English.
   a. The **Safe Harbor Threshold** is calculated by dividing the population estimate for a language group that “Speaks English less than very well” by the total population of the county.

---

6 The ACS publishes data in many forms on the Census Bureau American Fact Finder website [http://factfinder2.census.gov/faces/nav/jsf/pages/searchresults.xhtml](http://factfinder2.census.gov/faces/nav/jsf/pages/searchresults.xhtml)
i. The **LEP Safe Harbor Threshold** provision stipulates that for each LEP group that meets the LEP language threshold (5% or 1,000 individuals, whichever is less, of the population to be served) the **Wausau MPO** must provide translation of vital documents in written format for the non-English users.

ii. Examples of written translation of vital documents include the Nondiscrimination policy statement (Appendix 2), Complaint Procedure (Appendix 3), Complaint Form (Appendix 4), and ADA paratransit eligibility forms.

3. Explained the results of the analysis of the county LEP data in the demographic section of the **Four Factor Analysis**.

**Factor 2: Frequency:** Identifies the frequency staff (and transit provider/lessee, if applicable) encounters LEP persons.

LEP persons are persons identified as speaking English less than very well, not well or not at all. Just because a person speaks a language other than English doesn’t mean they don’t speak English or are identified as LEP.

The summary below discusses the frequency with which **Wausau MPO** staff, and/or its contractor/lessee encounter LEP persons. It also provides information on the how staff is instructed to meet the needs of LEP persons. **Wausau MPO** staff persons are encouraged to use LEP resource materials to assist LEP persons.

**Factor 3: Importance:** Explains how the program, service or activity affects people’s lives.

The summary below discusses how the **Wausau MPO**’s program and services impact the lives of persons within the community. The **Wausau MPO** will specify the community organizations that serve LEP persons, if available.

**Factor 4: Resources and Costs:** Discusses funding and other resources available for LEP outreach.

The summary below discusses the low-cost methods the **Wausau MPO** uses to provide outreach to LEP persons as well as train staff (and transit provider/lessee, if applicable) on Title VI/ADA and LEP principles.

**Additional Required Elements**

In addition to the **Four Factor Analysis (listed below as item #1)**, the **Wausau MPO** addresses the following elements:

**Item #2:** A description of how language assistance services are provided by language

**Item #3:** A description of how LEP persons are informed of the availability of language assistance service

**Item #4:** A description of how the language assistance plan is monitored and updated

**Item #5:** A description of how employees are trained to provide language assistance to LEP persons

*And, any additional information deemed necessary.*

Item #1 – Results of the Four Factor Analysis (including a description of the LEP population(s) served)

**Factor 1 – Demography**

Marathon County contracts with a transit provider to provide transportation service for the Wausau MPO and in Marathon County for ADA compliant Paratransit Services.

The US Census Bureau – American Fact Finder (2011-2015) reports there are numerous languages spoken in Marathon County. Some of these languages include Hmong, Spanish, German, Polish, Hindi, Chinese, and French. After English, the second largest language group is Hmong.

The Safe Harbor Threshold is calculated by dividing the population estimate for a language group that “speaks English less than very well” by the total population of the county. The LEP Safe Harbor Threshold provision stipulates that for each LEP group that meets the LEP language threshold (5% or 1,000 individuals, whichever is less), the Wausau MPO must provide translation of vital documents in written format for non-English speaking persons.

In Marathon County, with a population estimate of 1,831 persons having identified themselves as Hmong speaking and “speaks English less than very well”, this language group is at 1.4% of the total and below the 5% but above the 1,000 persons threshold of the population to be served. This means the Wausau MPO is required to provide written translation of vital documents. The only other language group listed above is Spanish at 0.8% and at 1,081 people “speaks English less than very well”, the Wausau MPO is also required to provide written translation of vital documents in Spanish. The remaining languages listed above are below the Safe Harbor Threshold. This means, at this time, the Wausau MPO is also not required to provide written translation of vital documents in these languages.

In the future, if the Wausau MPO meets the Safe Harbor Threshold for any other language groups, it will provide written translation of vital documents in such languages and consider measures needed for oral interpretation upon request.

**Factor 2 – Frequency**

The Wausau MPO and its transit provider are trained on what to do when they encounter a person that speaks English less than very well. The Wausau MPO with assistance from its transit provider tracks the number of encounters and consider adjustments as needed to its outreach efforts to ensure meaningful access to all persons and specifically to LEP and minority populations of the Wausau MPO’s programs and services.
The **Wausau MPO**'s transit provider provides approximately 470,000 rides per year. While formal data has not been collected, the transit provider has indicated it has not identified any LEP persons coming forward to use the service within the last year.

The **Wausau MPO** staff has reviewed the frequency it has, or could have, contact with LEP persons. This includes documenting phone inquiries or office visits. To date, the **Wausau MPO** has zero (0) requests for interpreters and zero (0) requests for translated program documents.

The **Wausau MPO** and its transit provider has an open-door policy and will provide rides to any person who requests a ride. If an individual has speech limitations, the dispatcher or driver will work with the Transit Manager and the **Wausau MPO** to ensure the individual receives access to the transportation service.

The “I Speak” Language Identification card listed below is a document that can be placed in our transit provider’s vehicles and used by the **Wausau MPO** staff to assist LEP individuals. Additional languages can be added as needed to match the demographic changes of the **Wausau MPO**’s service area.

**Factor 3 – Importance**

The Wausau MPO and our transit provider understands an LEP person with language barrier challenges also faces difficulties obtaining health care, education, access to employment and nutrition meal sites, recreational services and socialization. A transportation system is a key link to connecting LEP persons to these essential services.

The Wausau MPO has identified activities and services which would have serious consequences to individuals if language barriers prevented access to information or the benefits of those programs. The activities and services include providing emergency evacuation instructions in our facilities and vehicles and providing information to the public on security awareness or emergency preparedness.

The Wausau MPO’s assessment of the programs, activities and services that are most critical include contact with community organization(s) that serve LEP persons, as well as contact with LEP persons themselves to obtain information on the importance of the modes or the types of services that are provided to the LEP populations.

**Factor 4 – Resources and Costs**

Even though the Wausau MPO does not have a separate budget for LEP outreach, it continuously explores ways to implement low cost methods of notifying LEP persons of transportation services. Outreach/resource efforts include posting website information, developing and printing brochure/materials and participating in public meetings to promote transportation services. Additional low-cost outreach methods to reach LEP communities include but are not limited to activities such as visiting ethnic stores/markets and restaurants, community centers, libraries, faith-based institutions and local festivals. The cost is relatively low but the ability to reach the LEP population is high.

**Item # 2 – Description of how Language Assistance Services are Provided, by Language**

The Wausau MPO Has access to bilingual speaking people through Marathon County staff. In addition, it works with its transit provider to ensure mechanisms are in place to reach LEP persons in the service area.

In addition, the Wausau MPO is working on developing relationships with language teachers in area schools as well as local community leaders to use a resource to assist in meeting the need of LEP persons, if needed.

**Item # 3 – Description of how LEP Persons are Informed of the Availability of Language Assistance Service**

The Wausau MPO and our transit provider does the following to inform LEP persons of the availability of language assistance services:

- Review outreach activities and the frequency of contact with LEP individuals to determine whether additional language assistance services are needed
- Utilize the bilingual speaking people on the Marathon County staff to assist with the development of bilingual outreach material
- Prioritize the hiring of bilingual staff, as needed
Item # 4 – Description of how the Language Assistance Plan is Monitored and Updated

The Wausau MPO reviews its plan on an annual basis or more frequently as needed. The Wausau MPO will evaluate the information collected on encounters with LEP persons as well as public outreach efforts to determine if adjustments should be made to the delivering of programs and services to ensure meaningful access to minority and LEP persons.

In addition, the Wausau MPO meets with our transit provider on an annual basis to ensure the Title VI/ADA requirements are met. The annual meeting and site-visit of the transit provider is usually conducted in October of the year.

Item # 5 - Description of how Employees are Trained to Provide Language Assistance to LEP Persons

Wausau MPO employees are oriented on the principles of Title VI/ADA and the Wausau MPO’s Language Assistance Plan. New employees will be provided guidance on the needs of clients served and how best to meet their needs. The Wausau MPO will ensure its transit provider, as applicable also educates its staff on Title VI and ADA requirements, specifically complaint procedures and LEP provisions.

If a driver, dispatcher or employee needs further assistance related to LEP individuals, they can work with the Wausau MPO and/or our transit provider’s Transit Manager to identify strategies to meet the language needs of the participants of the program or service.

As part of our annual check in meeting, the Wausau MPO will meet with our transit provider, as applicable to discuss updates the Wausau MPO’s Language Assistance Plan.

B. Efforts to Encourage Minority Participation

The Wausau MPO understands diverse representation on committees, councils and boards results in sound policy reflective of its entire population. As such, the Wausau MPO encourages participation of all its citizens.

As vacancies on boards, committees and councils become available, the Wausau MPO will make efforts to encourage and promote diversity.

To encourage participation on its boards, committees and councils, the Wausau MPO will continue to reach out to community, ethnic and faith-based organizations to connect with all populations. In addition, the Wausau MPO will use creative ways to make participating realistic and reasonable, such as scheduling meetings at times best suited to its members.

7 If the Wausau MPO has transit-related, non-elected planning boards, advisory councils or committees, or similar bodies, the membership of which is selected by the Wausau MPO, Title VI regulations require the Wausau MPO to provide a table depicting the membership of those committees broken down by race and a description of efforts made to encourage the participation of minorities on such committees.

8 County data by race is available at the WisDOT website https://wisconsindot.gov/Documents/doing-bus/local-gov/astnce-pgms/transit/compliance/title6-race.pdf or the US Censure Bureau American Fact Finder website http://factfinder.census.gov/faces/nav/jsf/pages/index.xhtml
Dear Member,

As the Wausau MPO is a recipient of federal funds, we are required under Title VI of the Civil Rights statue to ascertain the racial/ethnic make-up of any non-elected boards, commissions, councils, etc.

Data from this section is used for statistical and reporting purposes. The information may be subject to disclosure under federal or state law or rule.

Anti-Discrimination Notice

It is unlawful for the Wausau MPO to fail or refuse to provide services, access to services or activities, or otherwise discriminate against an individual because of an individual’s race, color, religion, sex, national origin, disability or veteran status.

As a Commission under the jurisdiction of the Wausau MPO, we invite Commission members to voluntarily self-identify their race/ethnicity in order for us to comply with FTA Title VI and ADA regulations. This information will be used according to the provisions of applicable federal and state laws, executive orders and regulations, including those requiring the information to be summarized and reported to the federal government for civil rights enforcement purposes.

Race/Ethnicity

If you choose to self-identify, please mark the one box describing the race/ethnicity category with which you primarily identify:

___ Asian or Pacific Islander: All persons having origins in any of the peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Philippine Islands and Samoa.

___ Black and/or African American (not of Hispanic origin): All persons having origins in any of the Black racial groups of Africa.

___ Hispanic: All persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

___ American Indian or Alaskan Native: All persons having origins in any of the original peoples of North America, and who maintain cultural identification through tribal affiliation or community recognition.

___ Caucasian (not of Hispanic origin): All persons having origins in any of the original peoples of Europe, North Africa or the Middle East.

---

9 This form is an optional tool the Wausau MPO can use to gather information on the racial composition of its committee members for the purposes of meeting the Title VI/ADA plan requirements.
MPO Demographic Data, Analysis and Procedures

The MPO is also required to include the following elements which are listed below in Appendix 1:

a. A demographic profile of the metropolitan area that includes identification of the locations of minority populations in aggregate.

b. A description of the procedures by which the mobility needs of minority populations are identified and considered within the planning process.

   *This information helps ensure members of minority communities are provided with full opportunities to engage in the transportation planning process. This includes actions to eliminate language, mobility, temporal, and other obstacles to allow minority populations to participate fully in the process.*

c. Demographic maps that overlay the percent minority and non-minority populations as identified by Census or ACS data, at Census tract or block group level, and charts that analyze the impacts of the distribution of State and Federal funds in the aggregate for public transportation purposes, including Federal funds managed by the MPO.

d. Analysis of the impacts identified in (c) that identifies any disparate impacts on the basis of race, color, or national origin, and, if so, determines whether there is a substantial legitimate justification for the policy that resulted in the disparate impacts, and if there are alternatives that could be employed that would have a less discriminatory impact.

Notes:

✓ If the MPO is a direct recipient, the MPO will be required to submit additional information to FTA per Chapter VI-1 of FTA Circular 4702.1B (October 1, 2012).

✓ All MPOs are required to self-certify compliance with all applicable federal requirements. Planning certification reviews conducted jointly by FTA and FHWA of the metropolitan transportation planning processes of transportation management areas include a review of Title VI/ADA compliance.
