

**2018
BIOGRAPHY**

Name: Tim Buttke District: 33

What year did you begin your service on the County Board: 2016

Committee Assignments:

- Health and Human Services (Vice-Chair)
- Human Resources, Finance and Property
- Capital Improvement Program Committee (Chairperson)

The challenges and opportunities of the County which I am most interested are:

- Our County is facing several economic challenges, including maintaining our infrastructure (roads and county facilities). Our County government is in a solid financial position presently, but that will be tested over the next several years.

The best thing about Marathon County is:

- Its natural resources and people. Marathon County is a great place to raise a family.

One thing about Marathon County I would change is:

- We need more economic growth. The decline of the paper industry and loss of insurance headquarters has hurt. We need to reinvent ourselves and become relevant again.

Something about me that most people might not know or expect is:

- I'm a pretty decent bowler, and have a perfect game to my credit.
