BIOGRAPHY**

Name: Donna Krause District: 10

What year did you begin your service on the County Board: 2018

**Committee Assignments:**

- Health and Human Services Committee

**The challenges and opportunities of the County which I am most interested are:**

- One big challenge is finding more opportunities for activities, community events, and socializing for seniors. Since the relocation and downsizing of the Aging and Disability Resource Center in Wausau, we've been left without interesting and enjoyable activities for seniors.

**The best thing about Marathon County is:**

- The large number and great variety of food pantries and farmers' markets. There are pantries with fresh fruit and veggies and farmers' markets with grass fed beef and local honey.

**One thing about Marathon County I would change is:**

- Having incentives for home and business owners to incorporate solar, thermal and wind energy into their building construction plans and remodeling and updating energy plans.

**Something about me that most people might not know or expect is:**

- I devoted a large time of my life studying, teaching and performing music as a vocalist and pianist. I also sold the first Honda cars in the US and hosted the first all-women radio and TV interviewing shows.
- For spare time activities and hobbies I enjoy cooking and baking, gardening, theatre, socializing with friends and reading.
