

Marathon County Employees will no longer be receiving paper paystubs. Employees now have access to view and print both current and past paystubs electronically. To locate your paystubs simply visit <https://portal.co.marathon.wi.us/showLogon.do> using the Chrome browser and follow these instructions.

1. The first screen you should see is a login screen asking for your Username:

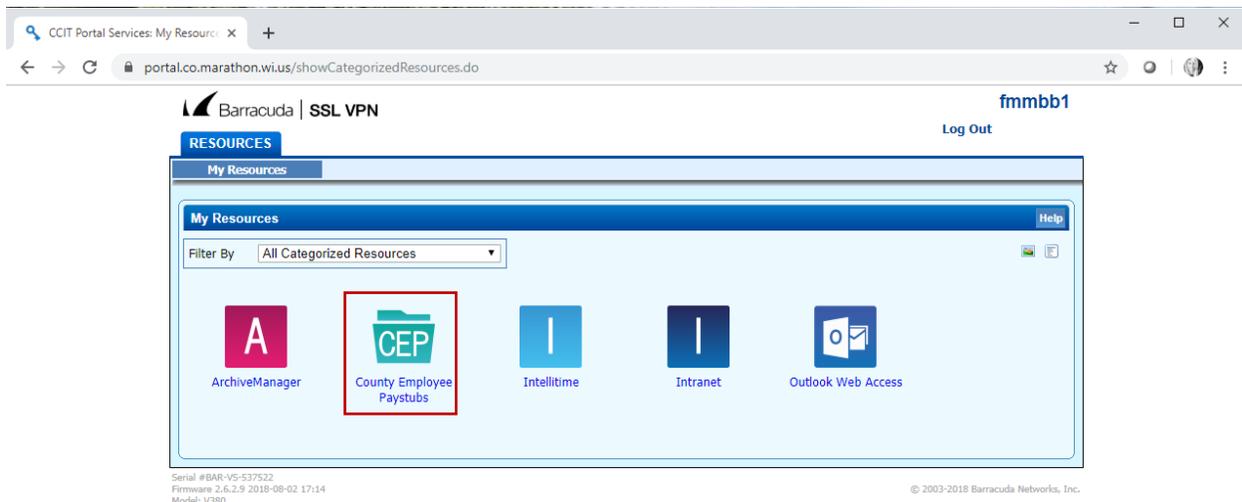

2. Enter your 6 digit username and click the Log In button below.

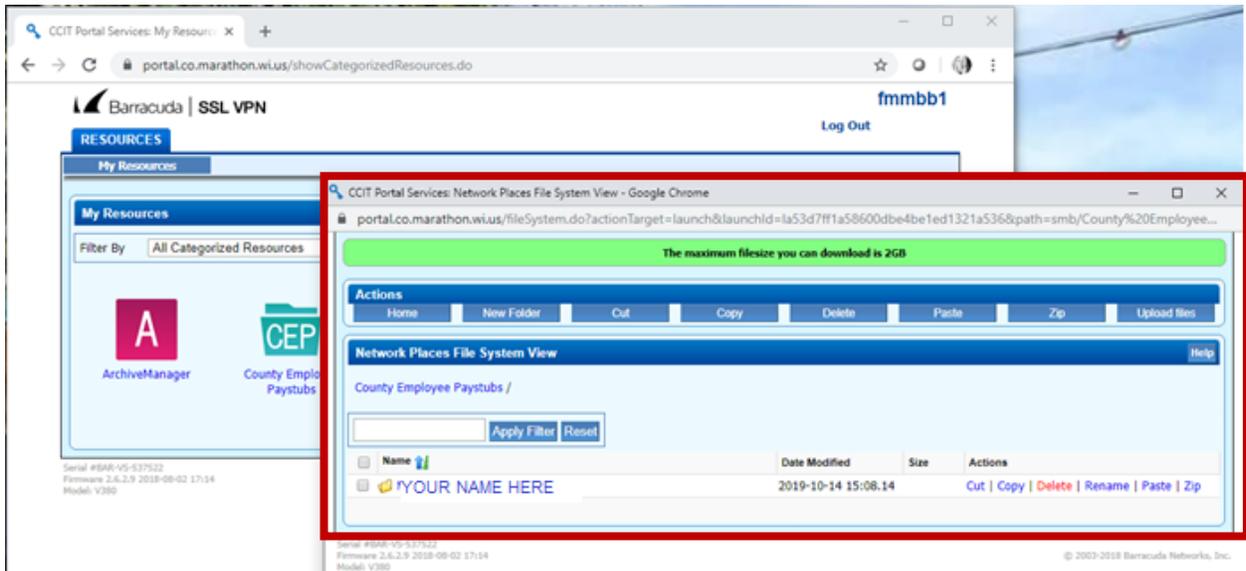

3. You will then be prompted for your Password: Enter your password and click the Log In button below.

4. You will then see a number of icons; look for the folder that reads County Employee Paystubs, and click on that.

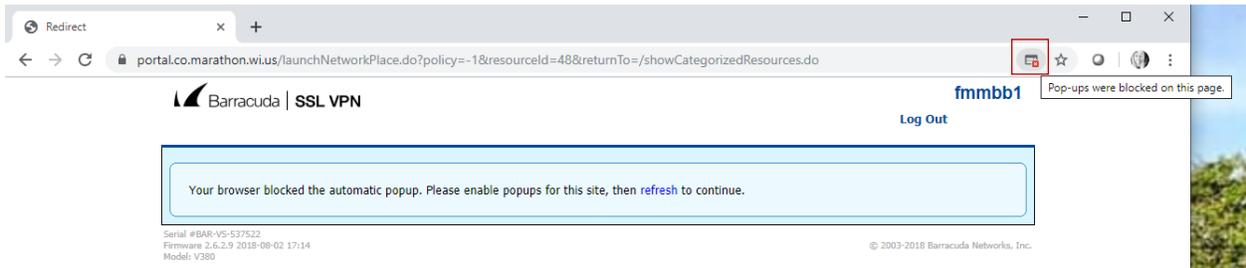

5. One of two things will happen next:
- a. A new pop up will appear (if so, jump to # 8)

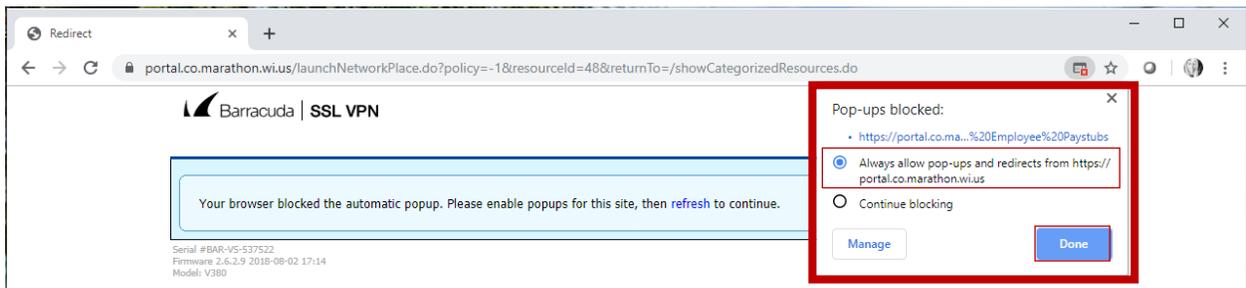

OR

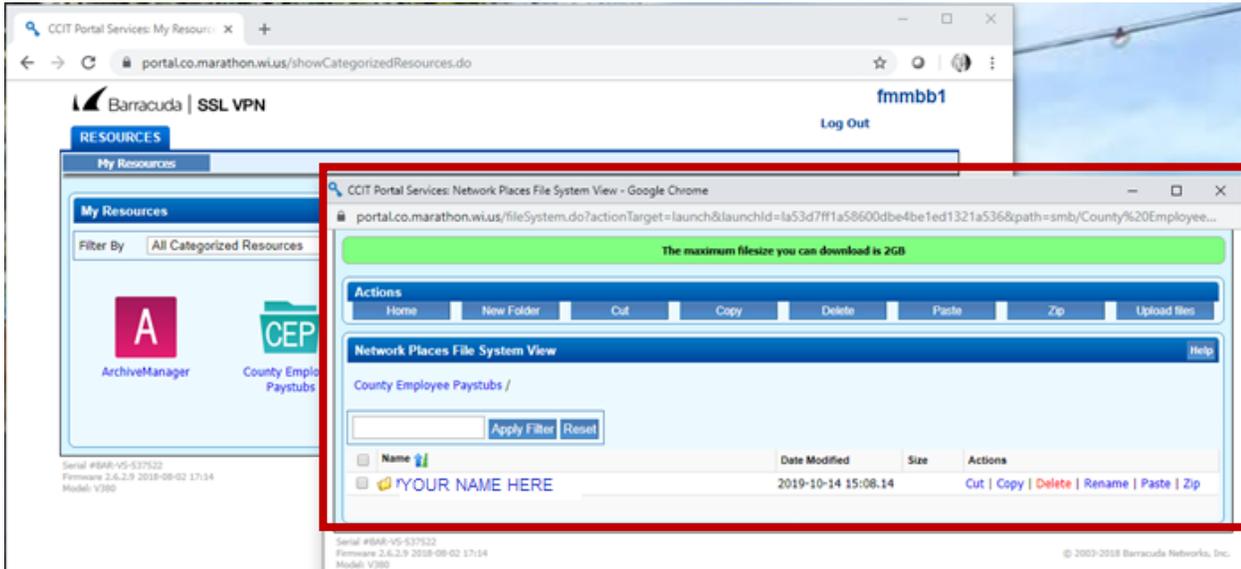

- b. You will receive an error due to a pop up blocker (if so, continue to #6)

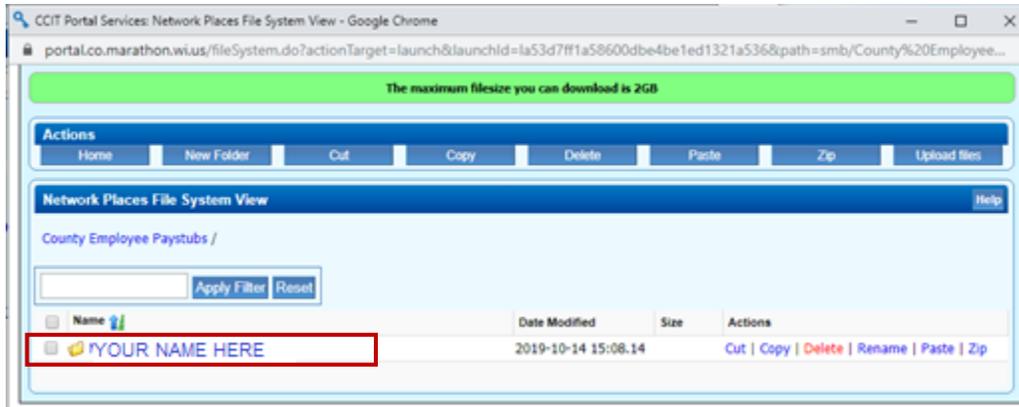

6. Click the pop up blocker icon in the top right corner and select "Always allow pop-ups and redirects and click Done

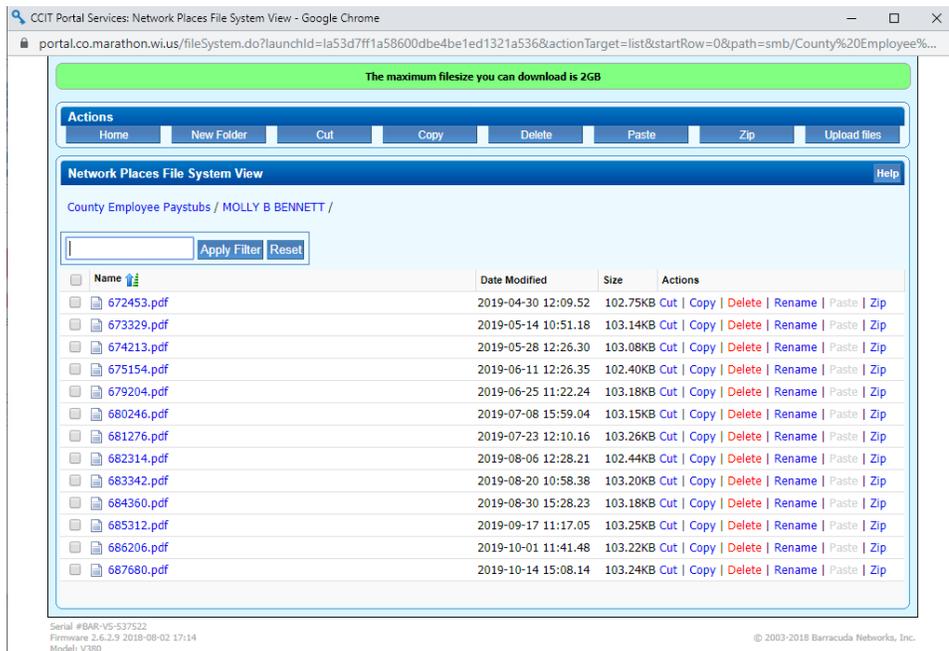

7. A new pop up should now appear in a separate window

8. Click on your Name

9. You will see a complete list of all paystubs

10. To sort by date, click the “Date modified” tab. 1 click will organize your paystubs from the oldest to most recent. To get your most recent paystub to the top. Simply click the “Date modified” tab one more time. Note that the dates here are when your paystub was created, approximately 3 days prior to the actual pay date.
