

THANK YOU FOR YOUR INTEREST

Each year the Park Department employs approximately 135 seasonal workers.

This is an excellent opportunity for work season after season. About two-thirds of the jobs are filled with persons who have worked in past years. Once you are trained, experienced, and have established a top-notch work record, we are naturally pleased to have you back. We are glad to hire workers new to our organization.

We have not listed the number of positions to be filled in each job category since those figures vary considerably based upon the number of returning personnel and program operations. Pay schedules are subject to yearly change. Please ask the Park Receptionist for current rates.

These seasonal jobs are open to all interested and qualified applicants of all ages. We have listed information for each job regarding nature of work, qualifications, length of season, days and hours of work, and location so that you can thoroughly evaluate your interest and qualifications for each job.

To apply for one or more of these positions, complete an online job application at www.co.marathon.wi.us. Be sure to list information pertinent to the job(s) for which you are applying. Your application will be carefully evaluated by the Park Department.

We hope that this pamphlet will answer all your questions. If you have more, please call the Park Department at 715/261-1550.
